Please join us for this fun day of Learning about our Gaited Horses and how we can bring out the best in them!

Julie Dillon specializes in folks new to Gaited Horses and also those that have a "new" Gaited Horse. Her unique approach begins with what you know and are already doing well and builds upon where you want to go next with

your horse. She has traveled all over the country as an instructor and a student of the Gaited Breeds. Julie has expanded her knowledge working with Gaited Clinicians Larry Whitesell, Gary Lane, Jenny Jackson, Nicole Carswell and others for thirty years. For the last 12 years Julie and her Foxtrotting Horse "Jesse" have studied with Dressage Coach Katherine Dow to champion the Gaited Horse in the Dressage Arena. Success in the arena is thrilling but her first love is the Trail and that's where you will often find her on her Tennessee Walking Horse "Earl the Pearl"!
