Spring Trail Work

Hodges Village Dam Oxford MA

On May 4th, 6 members from BSTR targeted the main trail to Pump House Trail. We stopped on Pump House Trail when we hit the old paved road which was fine by us. At that point we had done 1 mile of brushing and cutting back.

Being spring time we were treated to all kinds of flowers and critters. A huge apple tree in blossom was quite spectacular, 8 baby trumpet swans, and tons of turtles.

A huge shout out to the following: Deb Carlson, Valerie Clark, Chris DiMasi, Cheryl Fitzpatrick, Becky Kalagher, and Barbara McCumber.

All totaled we put in 29.3 hours worth \$1,148.27 plus \$50.88 for lunch. **BK**

Thompson CT

On May 5th, nine people gathered to finish up the trail work before the ride on the 19th. Good news is that we did get the trails all set for the ride.

We again split up into groups. Valerie had my "chainsaw" work all mapped out. I had Janet &

(Continued from page 1)

Jessica Wornham with me on my crew. The rest of the people headed out as directed by Valerie to target the last of the areas that needed our attention. Our crew covered 1.7 miles in three different areas to clean up downed trees and branches. I don't have mileage covered by the other work crews for a grand total. I do know that we put in a total of 20.75 hours worth \$813.19 plus \$53.05 for lunch.

My highlight of the day was driving back to the field with Janet & Jessica when we spied a woodcock crossing the road. I did manage to get some nice pictures of the little beauty.

A grateful thanks to the following who spent the morning working on trails. Janet & Jessica Wornham, Valerie & Dave Clark, Becky Kalagher, Donna Aldrich, Rose Zariczny, Kelly Berthiaume, and Xanadu Caban.

BK

Plaque installed on Red Pine Trail Bridge

I put the final touch on the Red Pine Trail bridge project at DCR's Douglas State Forest on May 5th. Now it's truly finished! **BK**

"We come to you"

Nancy Maenzo Ride

Sponsored by United Ag & Turf Northeast

Our first ride of the season and how nice it was to see all the riders and volunteers.

Recipe for a great ride:

Weather: it was great!

Trails: nicely marked 6 mile loop at DCR Douglas State Forest. (Thank you Sherry Perry)

Food: Tacos, virgin margaritas, salads and tons of homemade desserts! Kelly Shaw was inspired this year and came up with a great menu complete with the right drinks. With Jim Shaw helping out on the grill, we had quite the delicious lunch that everyone was raving about! They outdid themselves this year.

Door Prizes: Four gift certificates to Yucc it Up! David Maenzo graciously donated the gift certificates to be used as door prizes. So all the volunteers and riders had one chance at the door prizes. Thank you David for adding the extra special treat to make the event just that much better. Plus he took lots of pictures to capture the great memories.

Karen Parlin likes to make things interesting. She brought along very brightly colored ponchos for both of us to wear. No matter what anyone said they thought the poncho meant, I kept telling them Clint Eastwood - The Good, the Bad, and the Ugly!

Our thanks to the absolutely priceless volunteers that made this happen. Kelly & Jim Shaw, Rose Zariczny, Sue Quirk,

Joyce Sandvik, Suzanne Nicholas, Sharron Cochran, Deb Deschenes, Sherry Perry, David Maenzo, Gloria Duhaime, and Edward Nobrega.

The happy door prize winners were Karen Parlin, Valerie Clark, Jane Rutledge, and Becky Kalagher. **BK**

Trailer Safety Clinic

Ryan Rudy of Whitehorse Truck and Trailers was the speaker at the Trailer Safety Clinic held May 18th.

Thankfully the “light” rain (aka downpours) did not hinder the class as it was held in the indoor arena at Adams Acres in Grafton.

Ryan’s entertaining presentation covered topics from choosing the right towing vehicle, trailer to maintenance, emergency items to carry when you are towing, and driving best practices.

GCWR (Gross Combined Vehicle Weight Rating) and DOT (Department of Transportation) rules for commercial towing were covered. There were questions about where to find this information for vehicles as it may be in the owner’s manual not on the vehicle. He stressed the importance of ensuring the vehicle is rated for the trailer and the correct hitch is used.

Ryan brought a bumper pull and goose neck to show the differences. He said which to select is mostly a matter of preference. Other options such as slant versus straight load, and ramp versus step up is also a matter of choice. He said our region prefers ramps

while in other geographic locations, step up is common. In either case, he stressed the importance of training your horse to safely load and unload.

There were useful show and tell items such as examples of tire dry rot and how

to read tire date codes and dates are also on parts like bearing seals. At maximum trailer tires should be replaced every six years. At the end of the afternoon, he demonstrated how to change a tire using a trailer aid and breaker bar.

The importance of annual maintenance was emphasized, especially to ensure electric brakes are functioning properly. He stated the common misconception is the truck stops the trailer, but the reality is that it is the trailer brakes that stops the trailer.

He also covered the “pre-flight check” before each trip. This includes brakes, lights, tire pressure on all tires including the spare, and how to properly connect the safety breaker to the trailer tow vehicle.

A delicious hot lunch was served to the 14 attendees.

Thank you to Ryan for sharing his knowledge, Deb Adams for the use of her arena, and all the volunteers for lunch and coordination of the clinic (Karen Parlin, Joyce Sandvik, Suzanne Nicholas, and Becky Kalagher) Everyone came away with important information about how to ensure we safely tow our “babies.” By
AnnaMaria Paul

BSTRA's Tack Sale

BSTRA decided we needed to have our annual tack sale this spring. We set it up and had a great reception. 23 tables inside and 12 outside trailer spaces sold out in just over a month. We had to shut down reservations.

Sunday, April 28th came, and we could get in the building @ 7:30am and promptly @ 7:30 the parking lot was half full, the hustle and bustle of unloading cars, moving things inside the building and moving cars to the back of the parking lot were all happening while the outside trailers were coming in to set-up. All this could not have been done without the help of our great volunteers – Carolyn weeks, Ed Nobrega, Colleen Thiboutot and Steve Lawrence.

Things inside also needed to get setup. A group of volunteers moved tables, made coffee, and helped each other with directions. Thank you, Suzanne Nicholas, Becky Kalagher, Rose Zariczny, and the rest of the team. I'd like to say the first hour gets easier each year, but it is still a little rough, but gets done.

The weather had predicted a few showers the night before, which was hard to load ahead of time, but the morning was dry. It was cooler than expected outside, but everyone was a trooper.

BSTRA had muffins, bagels, fruit, yogurt, coffee and cold beverages for sale. We also had a 50/50 raffle

and 2 scratch ticket trees. Thank you all for supporting this and taking a chance. Kristi Lowe and Ann Deagan each won one of the scratch ticket trees and Ed Nobrega was the lucky 50/50 winner. You may not have been one of the raffle winners, but we hope that it was a good day for you. You were able to make a few sales, see some friends and have a good time.

We would like to say thank you to Alyse Aubin for the funds she donated back to BSTRA from her sales made. We also know that a few people did have items for free and thank you to one who said a donation to BSTRA is all that was needed. We greatly appreciate your support.

Looking ahead, mark your calendars for our first ride on May 11th. Go to BSTRA.org and check out the calendar tab for our other events. Come out and join us and have some fun. Thank you again. *By Karen Parlin*

Livelark Acres Ride
Sponsored by Hope Botanicals &
Koopman Lumber

I figured I would share member Sue Perry's take on the ride from her email: Vroom, Vroom.

Today was the BSTRA's Livelark Acres Pleasure Trail Ride in Thompson, CT. As you can tell from Emma's title to this message, it is also adjacent to the Thompson Speedway.

The ride is held mostly on private land (Livelark Acres) plus a section on state forest land. We had to stay to the edge of all the fields we rode on as the footing was very soft (read wet and mushy), similar to last year when I did this ride with Linda. The woody trails had some mud sections but also a lot of dry parts. Although the sun wasn't really "out", it was bright enough to make the trees and bushes look really pretty. All were different shades of pale green; it reminded me of looking at a paint sample card at Home Depot.

Just like before, the first real "trail obstacle" was Niagra Falls – a running brook whose water tumbled down a small rocky edge like a mini Falls. Both horses were much braver about stepping across/down the falls this year; you may recall that last year Linda had to dismount from Cody and lead him through the water, with BB reluctantly following as he squeezed me into the adjacent small trees.

Just at noon, the race cars at the Speedway came out onto the track to take their daily practice drives; what sort of stuff they "practice", I don't know, but we could hear it all through the trees. We completed the trail ride in two hours and two minutes. Although 98% of the time the horses were walking, it was still quite strenuous for

them due to the deep footing and some short but steep hills. Back at the trailer parking field,

Cody was finally a bit tired; he is trying his best to look "ugly" in his photo. Tired was good as by now ALL of the race cars must have been out practicing and the Vroom Vroom noise as they revved their engines was deafening. After the horses were happily back in their traveling house, eating hay, Emma and I visited with our BSTRA friends for a few minutes, snacking on homemade desserts, before heading back to Upton.

Thank you Sue! Now, let's express our gratitude to the team of volunteers essential for operating this ride. Sharron Cochran, Sue Quirk, Linda Horanzy, Rose Zariczny, Deb Deschenes, Scott Ruskin, Janeen Rose (who brought a dessert called Slutty Cupcakes!), LouAnn Murphy, Valerie & Dave Clark, Diane Chapin, Sam Ericson, and Angela Authier.

Happenings at Callahan State Park

On June 4th I joined Mass Parks for All (MPA) and the Friends of Callahan State Park (FOC) in Framingham as they announced the creation of this new park friends group and a joint effort to create a Parks for All plan, a pilot initiative to improve state parks by reaching out to their most dedicated users.

The Parks for All Plan will help FOC bring responsible grass roots park stewardship principles to all park users. The plan will be informed by a recreational use study conducted by both groups. MPA will contribute to the cost of developing the plan and will assist FOC with remaining fundraising to create it. Part of that support will come from two MPA funds created for such projects. One is the Betsy Shure Gross Public-Private Partnership Fund, named in honor of Betsy, long-time parks advocate, former Massachusetts environmental assistant secretary, and MPA board member. The other is the Ann Roosevelt Public Access Fund, named in recognition of Ann, also a life-long parks advocate and Mass Conservation Voters (MPA affiliate) board member.

There was quite a few people that attended this event. I was introduced to Doug Lawrence who is the head of FOC and made sure I signed the sheet for further information as this proceeds.

Why is this important? Because Callahan has become dangerous to horseback riders due to the amount of dogs that are in this park. We used to have rides out of Callahan a really long time ago. Then the dog walkers overwhelmed the park. With dogs off leash and not in control, that was a set up for some serious issues to unfold.

In talking with Doug about why I wanted to make sure that there was some equestrian representation in this process, he totally agreed and said he just recently witnessed a dog get off leash and go after a horseback rider up on the dike. The horse bucked off the rider because of the dog. Luckily the rider wasn't hurt.

I would like to ask that any member that lives in the Framingham/Marlboro/Sudbury/Southboro area that would be interested in being the equine representative for this process, please contact me and I will get you in touch with the correct people. Or if you know someone that has horses in that area that might be interested, doesn't have to be a member. Just send me an email at bstra@charter.net.

This is where local people need to be involved, I can make the connections, but I can't attend meetings all across the state, especially for ones like this that will involve a good length of time. **BK**

Happenings in Upton

Sudbury Valley Trustees (SVT) worked with Upton to conserve 92 acres of forested land on the Upton-Grafton town line. The property is part of a mosaic of open space and wildlife habitat and has long been a priority for protection.

On October 21, 2022: The Town of Upton purchased the land to forever protect it from development! SVT will hold a conservation restriction on the property and will work with the Upton Conservation Commission to manage the land. (Yes, it is open to horseback riding)

And that brings us up to date. SVT is organizing trail work days to get the trails established on this property. In the meantime the Town of Upton is working on permits for some bridges that need to be installed.

These are the dates for the next three work days. This is being organized through the SVT, so you will need to go to their website to register for any of the work days that you want to attend. This is the address that would bring you right to the page. You will have to scroll through the events to find the ones for Trail Building Work Day at Mechanic Street. [https://](https://svtprograms.funraise.org/)

svtprograms.funraise.org/

June 16th (Sunday) 9am to 11:30am Mechanic Street Upton

July 11th (Thursday) 10am to 12:30 am Mechanic Street Upton

August 12th (Monday) 2pm to 4:30pm Mechanic Street Upton

I hope that you can make a difference for equestrians by attending one of these trail work days. **BK**

BSTRA Property Update

In December my brother (John Enright) donated two pieces of granite, 8' long, 16" wide to use for the sixteen foot bridge abutments. This included delivery. The value of the granite and delivery is \$1,800. I fed him well that day!

On Feb. 26th WHP Trucking & Excavating came in to set the granite pieces that were already there for the twenty foot bridge. There were enough granite pieces to build up a ramp on one side and set two on the other side of the stream for the bridge abutments. Bill Porter graciously donated his machine time and 4 loads of gravel with a value of \$1,900.

Alex Aquadro donated his machine labor time to set the granite pieces at the 16' bridge spot plus spreading gravel for the granite pieces.

May 12th was the delivery day for the bridges. Bob Hatch drove down from Hubbardston with both bridges. Helping to off load and install were Buzz & Rita Ballou, Becky Kalagher, Alex Aquadro, and when Shelby Aquadro got home, she helped us too! All totaled we put in 38.25 hours that day worth \$1,499.

On May 19th Bob Hatch and Stephanie Frend came back down from Hubbardston to finish installing the

railing on the 20' bridge and curbing on the 16' bridge.

Now we just have ramps to build up on both ends of both bridges, install the geo-textile material and

pea stone and the bridges will be finished (except for the plates!).

I also need to order trail signage and the to points of interest signs and get those installed. We are getting there finally! **BK**

POULIN GRAIN PROGRAM

When you buy Poulin grain for your animals, make sure to tell the clerk that you are a BSTRA member. That's all you have to do! We get .25 for each bag you buy. The collected bag amounts are remitted to Poulin and they send us a check. Participating dealers: Mane Place (Uxbridge).

EXCESS PERSONAL LIABILITY INSURANCE

A \$1 million Excess Personal Liability Insurance policy is an optional member benefit. Become an individual or family member of BSTRA and choose this valuable protection. Insurance Agent is Equisure. For details, please visit our website at www.bstra.org or email rzariczny@verizon.net

BSTRA CLOTHING

Please use this QR code to access our site to purchase BSTRA clothing. Or go to our website, click on the Support tab in the top header, then click on Merchandise Sales. There will be a link on that page that takes you to the "store". **NEW ITEMS ADDED**

SHOP iGIVE

When you log in & shop their 2,000+ stores (think Chewy, Walmart, Expedia and so many more), we'll earn donations at least TWICE what we earned through AmazonSmile. The average donation through an iGive store is about 3%, with some offering 25% or higher! Make it all automatic. Download the iGive Button & turn your browser into an automatic donation generating machine! Use the handy link on our website under the Support tab.

LOOKING TO SELL OR BUY HORSE PROPERTY

I service Central and Western MA from backyard farms to full equestrian facilities helping you to create Life Long memories. Why not have a Realtor that has been in the horse community for over 30 years. Sharron Cochran 413-668-7606 Sharron@equinehomes.com

trated, first chapter children's book that will be enjoyed by readers of all ages. My Connemara Pony "BB" tells his life story in his own pony voice. BB talks about life as a foal, learning to be ridden, going to a variety of shows and having adventures with his big brother Cody. The illustrations are by a 12-year-old artist – really cute, on every few pages. You can contact me at sue.perry@charter.net to purchase a book, \$5.00 each plus shipping. You can also order the book on-line from Amazon at \$7.99.

Trailer For Sale: Super handy, 2007 Sundowner Sunlite Stampede SL, well maintained, in great condition! Aluminum, GN 2 horse slant, telescopes to open stock. 7' 2" tall, 6'6" wide. Carpeted dressing room, 2 saddle racks, several bridle hooks, brush box. Steel frame for strength, undercoated. Step up. 5 newish tires, side walls coated, mats. Loading lights. Title and all keys in hand. Trailer spent most of the time in the south, very lightly used and it shows. Located in Uxbridge, MA. Please text if interested, 508 525 0472. \$11,500 offers entertained.

Wintex Isabella Dressage Saddle: Black, 17" seat, has interchangeable gullets (comes with medium and wide). Girth, irons, working diamond wool pad, and saddle cleaner. \$550. Email bstra@charter.net.

***NEHT affiliated rides**

1. Unless otherwise noted, all rides start at 10 am and trail work days at 9 am
2. In case of questionable weather, call before leaving home. You will NOT be called if the event is cancelled.
3. Most rides require advance registration and payment to receive lunch.
4. Riders 17 years old and under, accompanied by a guardian, ride **free** (includes lunch if pre-registered). (May be exceptions on some rides)
5. Alcohol is prohibited on State property. No smoking allowed while riding.
6. A current Coggins within a year of the ride date is required.
7. Please leave the trails and parking areas better than you found them and be considerate of others! Clean up your hay & manure at all rides!
8. Year end awards require a member in good standing to have a minimum of 4 hours of volunteer time completed.
Divisions: Pleasure, Competitive, Accumulative. Age as of January 1st: Junior (17 and under), Adult (18-64), Senior (65 or older).
For more Information, visit our website at www.bstra.org
9. PayPal payments for rides will no longer be transferred to another ride. Refunds will be made.

BSTRA board meetings are usually on the first Thursday of the month. If you wish to attend one of our meetings, drop us an email and we will send you the meeting link.
